This PhD thesis could not be realized without the financial support of many government organizations, science institutions and companies. I thank my employer Deltares for funding the work of this thesis. I am grateful to the Utrecht University for the opportunity to graduate at their institution. The Geological Survey of the Netherlands – TNO is greatly acknowledged for their financial contribution to the national palaeogeographical mapping program during the first stage of this work.

I thank all the organizations who have contribute to the different studies presented in this book: Cultural Heritage Agency of the Netherlands, RCE (Chapter 2), Arch Manche project, Interreg IVA Seas Programme of the European Regional Development Fund (Chapter 3.1 and 4.2), Province of Noord-Holland (Chapters 3.2 and 4.3), Province of Friesland, Terp Research Group of the University of Groningen, Groninger Museum and Waddenacademie (Chapter 3.3), Port of Rotterdam (Chapter 4.1) and Municipality of Vlaardingen (Chapter 4.2).

I am grateful to the Terpenvereniging, RCE, Oer-IJ Academie and Gasunie B.V. for their financial contributions which made the publication possible in this form.
